EDUCATION

Sep' 2021 - Jul' 2025

Kazan Federal University (KFU) Kazan, Russia

Bachelor in Advertising & PR

During the 4 years of my studies, I learned about the following fields:

- Marketing
- Advertising
- PR (Public Relations)
- Politics and Sociology

WORK EXPERIENCE

Mar' 2025 - Present

Tonfotos | Marketing Manager

SEO Optimization: Built and clustered semantic cores (1000+ keywords) in multiple languages (EN, RU, FR, DE, ES). Analyzed blog traffic and published 60+ SEO articles using Visual Studio Code, contributing to a 2x increase in organic traffic in 2025.

Outreach & Link Building: Communicated with partner websites and executed link-building activities, acquiring 30+ backlinks with partners and improving overall domain visibility.

Internal Marketing: Developed website promotion strategies based on market research, competitor analysis, and target audience segmentation.

Guerrilla Marketing: Developed and tested a Reddit promotion strategy, generating additional traffic and increasing brand visibility.

Recruitment Marketing: Sourced and coordinated freelancers via Fiverr, ensuring timely delivery and quality of completed tasks.

Sep' 2025 - Nov' 2025

Exlibris | Marketing Manager (project-based)

Targeted Advertising: Conducted product analysis and audience segmentation. Launched and optimized advertising campaigns on VK and Telegram, testing different audiences and hypotheses. Developed ad creatives (visuals and copy) and performed A/B testing, achieving an average CTR of 0.4% and improving conversion rate to 53.15%.

SMM: Developed content strategy and content plan for VK and Telegram. Managed social media accounts by creating visual and textual content. Analyzed key metrics (reach, engagement rate, clicks, follower growth) and adjusted strategy accordingly.

Landing Page & Web: Designed and created a landing page using Tilda for browser-based promotion.

Feb' 2025

Smart Marketing | SEO Intern

SEO: Cleaned and refined semantic cores, clustered search queries based on intent and relevance and analyzed keyword search volumes and trends
